## Data sheet

# INCEPTOR FORE HEAD PAD thin

### DIMENSIONS

Weight: 0,01 kg

With 2 millimetre thick padding, the sweat-absorbing FORE HEAD PAD thin makes the INCEPTOR GRX pleasantly comfortable in the forehead area. The sweat band can be exchanged very easily thanks to tiny press studs and is the ideal replacement item for making a worn INCEPTOR GRX seem almost like a new helmet. To extend its service life, the FORE HEAD PAD thin is also easy to wash.
